Welcome to your study programme at the WiSo Faculty in Cologne!

We are pleased to welcome you to your study programme at the Faculty of Management, Economics and Social Sciences (WiSo Faculty) at the University of Cologne!

The WiSo Faculty is an excellent starting point for your future professional and personal plans. With around 9000 students, a large number of departments and academic staff, the WiSo Faculty is one of the largest and most prestigious faculties for economic and social sciences in Europe. Our combination of research and teaching, theory and practice, and economic and social sciences forms the basis of our mission statement, which can be summed up as:

‘Innovation for society’

The City of Cologne’s great appeal adds to the attractiveness of our study programmes. Cologne is renowned for its lively and diverse cultural scene far beyond the carnival tradition and, together with its surrounding areas, forms one of Germany’s most important economic centres.

Studying at the WiSo Faculty gives you a lot of freedom. The idea of this brochure is to provide you with information about your choices and to help you make the best of what is on offer. Brief and to the point, the information included here constitutes all you need to know about the most important terms and contacts to ensure an optimal start to your studies. We are confident that through initiative, hard work and a good level of independence, you will be successful in your studies and enjoy a once-in-a-lifetime experience at our University.

We would like to wish you all the best for a good start to student life and we look forward to welcoming you at the WiSo Student Service!

Your WiSo student advisors

https://www.wiso-studentservice.uni-koeln.de
1. WiSo Student Service Point

Our point of contact for questions

The WiSo Student Service Point serves as the first point of contact for questions about studying at the WiSo Faculty. The WiSo student advisors offer orientation and competent advice in every phase of the student life cycle, which is always goal-oriented and open to results.

The student advisors of the WiSo Student Service Point follow this mission statement in their activities.

At the reception of the WiSo Student Service Point you first describe your request. Either you will be given a brief information or you will be referred to one of the student advisors. You will then receive a waiting number and take a seat in the student break rooms next to the service office. Your waiting number will then be displayed on a screen and the advisors will take care of your request.

The following catalogue of services is offered at the WiSo Student Service Point:
Opening hours:
Mo-Thu 9:00 a.m. - 4:30 p.m., Fr 9:00 am - 12:30 p.m.

Address for visitors
WiSo annex building (number of building 101), groundfloor, room number 0.305
Universitätsstraße 24
50931 Köln

Phone number:
+49 221-470-8818
Mo-Thu 10:00-3:00 p.m., Fr 10:00-12:30 p.m.

You don’t need an appointment.
Please note that the opening hours of the reception are longer than the office hours of the student advisors.
If your request cannot be clarified at the reception desk and there is no advisor available at the time, your request will be taken up and we will get back to you by telephone or e-mail if you wish.

You will find the monthly schedule of the expert advisary on the topics listed below at the WiSo Student Service Point on our [homepage](#).
2. Key Dates / Bank Holidays

It is important to know and keep to the key dates and deadlines.

</table>
4. First Steps

At the beginning of your study programme, the main focus is on showing you that you’re most likely to fulfil your potential by taking an independent and responsible approach to your studies, drawing on the support structures that are in place and the possibilities for shaping your study experience.

A particular hallmark of Cologne WiSo graduates has always been their high level of independence, initiative and personal commitment. The problem-solving strategies you develop during your time at university will also help you later on in your professional life.

The combination of theory and practice is one of the defining strengths of the study programmes at the WiSo Faculty. Our lectures are complemented by talks from people in the field, case studies and research placements. Further practical exposure is guaranteed by the fact that many of the Faculty’s lecturers have industry experience.

For the best-possible start to your degree we advise you to go through the checklist for first-year students which you find in this StudyGuide and complete all the items on it before the beginning of term, and to work through the individual points. The welcome and information events at the WiSo Faculty are of particular importance in this context.

To receive important updates regarding your studies at the WiSo Faculty, please subscribe to the master mailing list of the WiSo Student Service using your student email address.

www.wiso.uni-koeln.de/en → Studies → Service and Guidance → WiSo Student Service → Newsletter

News from the Faculty and the University can also be found on Twitter: https://twitter.com/wisounicologne?lang=de,
Instagram: https://www.instagram.com/wisokoeln/?hl=de and on the WiSo Faculty’s Facebook page. Simply ‘like’ us and you’re in: www.facebook.de/wiso.uni.koeln

As a first-year bachelor or master student you should sign up for a peer group before starting your course. The WiSo student’s council runs an orientation phase (O-Phase) in cooperation with the WiSo Faculty for first-year master students during which students are coached in small groups (peer groups) by a student mentor. This coaching is continued during the lecture period in the first term.

www.wiso-buero.uni-koeln.de → Erstsemester → Orientierungsphase (Bachelor)
or: Erstsemester → Master Welcome Days

As an international student in a foreign country, all the information, rules and offers can be really confusing. To make the start of your studies as comfortable as possible, that page provides you with an assortment of relevant information, a collection of useful links as well as advices for our social and academic offers and activities: www.wiso.uni-koeln.de/en → Studies → Organizing your studies → Information for Entering Students → International Master Students
5. Welcome Pack

Anything missing?
The WiSo first-year bag!

The WiSo first-year student bag

Enough space for your personal belongings: your “greenhorn” bag!
As a welcome present our study beginners receive a WiSo bag, filled with useful starting tools like a thermos cup, with kind support of the REWE Group.

Further information, e.g. when and how to receive your personal gift, please look at www.wiso.uni-koeln.de/en ➔ Studies ➔ Organizing your studies ➔ Information for entering students

Julia Monzel, Head of Career Service with Laura, a student of Health Economics
6. Study Programme Structure

The WiSo Faculty of the University of Cologne offers the following degree programmes:

**Bachelor B.Sc.**
- Business Administration
- Economics
- Economics with Social Sciences
- Social Sciences
- Information Systems
- Health Economics

**Teaching Degree (Bachelor)**
- Economic Education

**Master M.Sc., M. A., M. Ed.**
- Business Administration
- International Management (CEMS MIM)
- Economics
- Economics Research
- Sociology and Social Research
- Health Economics
- Information Systems
- Political Science M.A.
- Economic Education M.Ed.

**Double Master’s programmes**
- Business Administration
  - Cologne - Helsinki; Cologne - Louvain;
  - Cologne - Ahmedabad
- European Studies
  - Cologne - Maastricht
- Health Economics and Management
  - Cologne - Maastricht
- Demography and Social Inequality
  - Cologne - Groningen
- Economics
  - Cologne - Tokyo

The WiSo Faculty also offers courses for other study programmes, including combined programmes with the Faculty of Arts such as Regional Studies and Media Science.

At the University of Cologne bachelor and master degrees are divided into modules. A module consists of at least one course and can generally be completed in one term – in exceptional circumstances in two terms – by passing the relevant exams. Students must accumulate the required number of ECTS (European Credit Transfer System) points.

One credit point is equivalent to a total of 30 hours of study per week. The exact structure of the course is determined by the Examination Regulations. Study plans provide guidelines on how to combine modules in the right order. More information can be found under “Downloads” in the “Study” section of the WiSo Faculty website.

[www.wiso.uni-koeln.de/en](http://www.wiso.uni-koeln.de/en) ➔ Studies ➔ Documents and Media
There is no compulsory course schedule when you start your programme. You should therefore set up your own, personalised schedule. We offer a variety of tools to help you with this. The module catalogue provides an example of a study plan which shows a specific arrangement of courses from the first to the fourth semester. This arrangement is recommended.

The module catalogue will be updated for every year of study. The new version will be published for every new winter semester.

First-year students should read the recommendations on the WiSo Student Service website. Certain modules are recommended for the first term of your course. With KLIPS you can set up your individual schedule.

Further information can be obtained, for example, through attending information events of the WiSo Student Service and particularly the peer groups of the orientation phase. The advice details all the requirements and options for putting together your course from the second term onwards.

Information and advice on the first semester can be found at: www.wiso.uni-koeln.de/en ➔ Studies ➔ Documents and Media

KLIPS information events
www.wiso.uni-koeln.de/en ➔ Studies ➔ Dates and Events

The course catalogue of the WiSo Faculty can be found on:
www.wiso.uni-koeln.de/en ➔ Studies ➔ Documents and Media

The University of Cologne provides detailed information regarding KLIPS here:
http://klips2-support.uni-koeln.de

Please note: Do not forget to register for courses at KLIPS! Be aware that a registration via KLIPS is no application for an exam! Please note that you need the separate admission to the examination procedure from the Examination Office (registration via their homepage) and be admitted before you can register for the examinations! This should be done until 30 September 2019.
8. Studying at the WiSo Faculty

Studying at the WiSo Faculty is different from school or vocational training. You are personally responsible for your level of progress and success. This means working through study material independently, preparing and following up coursework, setting priorities and focus areas, and learning how to master exam conditions. You may be required to take up to five exams per term, which makes good time management during term crucial.

9. Types of Courses / Final Exam Papers

The WiSo Faculty offers different types of courses, varying in the degree of independent study required:

**Lectures** are the most common form of courses at the university. Subjects are presented and structured by a professor. There is generally little interaction between the professor and his or her students.

**Exercises** serve to deepen and expand the subject matter presented in lectures. Prior to participation in exercises students must independently acquire knowledge on how to use and apply academic theory. They are usually held in smaller groups and delve deeper into important topics; they are taught through the use of case studies. Exercises are generally held by the professor’s teaching assistants.

**Tutorials** explore academic questions and problems further through specific assignments. Students develop solutions independently and present them in class. Tutorials are normally held by students in higher semesters. There is a high level of interaction and individual feedback; generally the number of participants is therefore limited and registration (via KLIPS) is recommended.

**Seminars** put more emphasis on the interaction between the professor and his / her students. Here, students, usually in small groups, work independently on a particular topic. Some professors demand basic knowledge of the topic as a prerequisite for participation. In most cases students are required to write a term paper and give a presentation to fellow students in the seminar group.

In order to graduate, every student is required to submit a **bachelor / master thesis** that demonstrates his / her academic skills. A minimum of credit points is required for approval to write a thesis. The time allowed for writing and the length of the thesis are defined by the examination regulations of your degree course.
Subjects are either specified by the relevant Department or chosen by the student him or herself. More information on final exam papers can be found on [www.wiso.uni-koeln.de/en](http://www.wiso.uni-koeln.de/en) ➔ Studies ➔ Organizing your studies ➔ Everything about theses

A good initial source of information on all matters relating to courses and examinations is the WiSo Faculty’s student portal: [www.wiso.uni-koeln.de/en](http://www.wiso.uni-koeln.de/en) ➔ Studies ➔ Organizing your studies

Reading material such as textbooks or articles from scientific journals can be borrowed or photocopied at the University Library (see chapter 16) or relevant departments.

**Note:**
You will need a UCCard to use the photocopiers of the university.
For more information, please visit: [http://uccard.uni-koeln.de/index_eng.html](http://uccard.uni-koeln.de/index_eng.html)
10. Examinations

Students are responsible for registering (using KLIPS) for examinations. For any questions regarding examinations, please contact the Examination Office responsible for your chosen degree. The Examination Office is responsible for handling all queries and administration concerning registration for, admission to and completion of examinations. It is also responsible for preparing and recording meetings of the Examination Board. Prior to registering for their first exam, students have to sign up for the examination procedure once at the beginning of their study degree.

Before starting your degree please familiarise yourself with the examination Regulations of your chosen course; the regulations contain all the relevant information on the examination requirements of your degree. The examination Regulations can be found here:

www.wiso.uni-koeln.de/en ➔ Studies ➔ Documents and Media

To pass a module, students must pass an exam. Exams are usually taken during the examination period, the first two weeks of term break. In order to avoid students having to take exams within a too short time frame, a number of departments offer a second examination date a few weeks after the first one or at the end of the term break.

Certain modules in the bachelor degree Business Administration are subject to mid-term regulations. This means that some classes of a module take place in the first half of the term, others in the second half. Exams may be taken either after the first half of the term or at the end of the term. Written exams are typically 60, 90 or 120 minutes long. More information regarding exams and permitted examination aids can be found online (see info box below). Students must register themselves for their exams. Please note the registration deadlines.

For each module, a student has three attempts to pass the exam. More information regarding this topic can be received at the welcome events of the WiSo Student Service and in the examination regulations of your study programme, which are linked on the homepage.

All WiSo Faculty students can apply for access to their exam papers once they have been marked. More information can be found here:
https://www.wiso.uni-koeln.de/en ➔ Studies ➔ Organizing your studies ➔ Klausureinsichtnahmen
11. Re-registration

The social contribution includes the "NRW-Ticket" (student travel card for the federal state of North Rhine-Westphalia, in which Cologne is located) and amounts to 270 euros in fall term 2019/20.

The term "re-registration" refers to the timely payment of the social contribution for the upcoming term. To re-register for the spring term 2020 and for continued enrolment at the university, students must transfer the social contribution to the university account before February 15th. That means the re-registration as a student.

For the latest information on re-registration see: www.verwaltung.uni-koeln.de/studsek (in German)
This page also contains up-to-date information regarding re-registration deadlines.

You can print confirmation of your student status yourself using the “print documents” option in KLIPS.

12. De-registration

“De-registration” refers to the termination of your studies at the University of Cologne.

Students are de-registered if, for example, they
• do not re-register (on time),
• actively de-register with immediate effect,
• have reached the maximum number of failed attempts,
• have successfully passed all final exams.

Change of address: In case you change your address during your degree, you must inform the Examinations Office and the University Registrar’s Office, or the International Office immediately. Please do so online via KLIPS.

You also have the option of applying for your own exmatriculation. Information can be found here: https://verwaltung.uni-koeln.de/studsek/content/completion_of_studies/exmatrikulation/index_eng.html
13. Taking a term off

Taking a term off frees you from all official study obligations at the University of Cologne. You can apply to the University Registrar’s Office or at the International Office of the University of Cologne to take a term off for a variety of reasons. A term off can be granted once you’ve completed the first term of your degree.

Exams cannot be taken during a term off.

Taking a term off due to an internship
The application form for a term off must be handed in at the University Registrar’s Office or at the International Office before the start of term. The deadline for applications for summer is 31 March and for winter semester 30 September. Applications to take a term off for an internship need to be submitted to the WiSo Student Services first. Internships must last at least three months.

For further information please visit:
www.wiso.uni-koeln.de/en ➔ Studies ➔ Service and Guidance ➔ Certificates

A term off due to an internship may only be granted once in your study degree.

Other reasons for taking a term off
A term off can also be granted for other important reasons. This is possible more than once. Reasons include exchange terms, illness, pregnancy and/or parental leave or others that must be specified.
For further information please visit:
www.verwaltung.uni-koeln.de/studsek/content ➔ Studium ➔ Beurlaubung (in German)
A multitude of tailored study and exchange programmes, courses held in English as well as language courses should encourage you to give your studies an international profile.

The WiSo Faculty has a network of more than 135 world-class partner universities, which gives you the possibility of an exchange term during your bachelor or master degree.

If you are interested in a relatively short stay abroad, we offer a variety of summer school programmes, for example, the ‘WiSo@NYC’ (Bachelor und Master) Summer School in New York. There are numerous possibilities to get involved in international activities at the University of Cologne, including the Buddy Programme for exchange students, the PIM & CEMS Student and Alumni Club or the Study Tours.

You should plan your stay abroad and participation in international study programmes as early as possible in order to optimally integrate them into your study plan. The WiSo Student Service Point will be happy to advise you. Further information and a list of partner universities and programmes can be found here: http://www.international.wiso.uni-koeln.de/

The International Office of the University of Cologne coordinates international activity at the university level and interesting exchange programmes can also be found through them.

For further information regarding offers from the International Office, please go to: https://www.portal.uni-koeln.de/international.html?&L=1

If you have any questions regarding the transfer of modules that you will have completed in your studies abroad you can contact the WiSo Student Service Point.

https://www.anrechnungwiso.uni-koeln.de/default/start?lang=en
15. Internships and Career

How do I prepare for starting my professional career and how do I find an internship?
When is the best time to do an internship?
How do I find an exciting and rewarding internship?
What is the best way to apply?
How can I prepare for starting my professional career?

We encourage you to network, gain practical experience and prepare for starting out your professional career from the very beginning of your degree.

The WiSo Student Service Point is the first point of contact for all matters regarding your choice of career. This also includes questions concerning internships, choice of employment, job applications, additional qualifications, and general career planning.

Career Tuesday
Lectures by businesses on application processes and internships, and Alumni reports – meet and talk to those out in the field!
When & where: Every Tuesday from 5:45 pm to 7:15 pm in lecture hall XXIII (HS XXIII)

Advice – Application portfolio check
Make an appointment for advice on your application portfolio and have it checked. Arrange an appointment directly by emailing at careerservice@wiso.uni-koeln.de

Career database
Register as soon as you can and stay up to date regarding the latest news on internships and application tips, our workshops and special events.

Workshops and seminars on soft skills
The WiSo Student Service Point helps you prepare for job applications. You will receive valuable tips such as preparing for your first job interview or how best to apply in English.

For current information please visit:
https://www.wiso.uni-koeln.de/en/corporate/wiso-career-service/
EVERY TUESDAY
5:45 – 7:15 PM

WELCOME
TO CAREER TUESDAY

Learn more about the various opportunities to jumpstart your career!

Career orientation
Tips for applicants
Career opportunities
Networking
Upon enrolment, every student receives an information sheet containing a PIN which you use to activate your student account. The account includes a free student email address (s-Mail) to be used for all matters relating to your studies. The University regularly sends out important information to student email addresses. Further information regarding the use of your student account can be found at the Regionales Rechenzentrum (Regional Computing Centre) RRZK (see below).

This is the link to your free University email account:

Computers of the University of Cologne can be used to go online, print or burn CDs. The computers feature many applications which may prove useful for your studies (MS Office, Regiograph, SPSS, Amos, Arena, STATA).

The University of Cologne offers students many options for using computers. The four most important options are:

**Regional Computing Centre (RRZK)**
T +49221/470-89555 | Weyertal 121 | 50931 Cologne

The Centre offers free use of its computers. You can log in using your student account.

Information is available here: http://rrzk.uni-koeln.de/studierenden-account.html?&L=1

**WiSo-Pools** (WiSo Building, Room 10)

Computers provided by the WiSo Faculty and operated by the WiSo IT Services team are available for courses and independent work. Students and university staff can access the equipment with their student or university account. www.wiso.uni-koeln.de/en ➔ Services ➔ WiSo IT Services ➔ PC Pools (in German)

**Free wireless Internet (Wi-Fi)**

Wi-Fi is available on the entire University campus. Guidance how to configure your PC, Tablet or smartphone can be found here: http://rrzk.uni-koeln.de/wlan.html?&L=1

**Other computers on campus or in the Central Library**

Public computers in Cologne University buildings are usually accessible with a valid student account.
Scale-out File Services – SoFS
You can save your personal data online using SoFS, a cloud storage system with 10GB memory space accessible via the internet on all platforms, which saves your data on a daily basis. You can use SoFs to share folders with others, for example. For more information please visit http://www.portal.uni-koeln.de/sofs.html
http://rrzk.uni-koeln.de/sofs.html?&L=1

Free or discounted Software
As a student of the University of Cologne you are eligible for educational discounts for certain software. To see which products this applies to, please visit: http://rrzk.uni-koeln.de/software.html?&L=1

WiSo students may also hire additional software in certain cases.
www.wiso-it.uni-koeln.de (in German)

17. Library

There are various possibilities of getting access to academic literature at the University of Cologne. The University and City Library of Cologne (UCL) offers the largest collection of books, magazines, diploma and doctoral theses as well as electronic resources (databases, e-journals and e-books). You can access UCL’s catalogues, electronic resources and other German libraries through the UCL portal.
www.ub.uni-koeln.de (in German) | Universitätsstr. 33 | 50931 Cologne

The University and City Library also offers introductory courses:
https://www.ub.uni-koeln.de/lernen_arbeiten/lernen/index_ger.html (in German)

Departments and institutes often have their own libraries or joint libraries. Further information can be found on their websites.
www.wiso.uni-koeln.de/en ➔ Faculty
18. WiSo Student Association

Hi guys,

So what is this “WiSo Fachschaft” you keep hearing about? Well, formally speaking, the term means everyone studying at the WiSo Faculty. We see ourselves as a friendly group of people who like to get things done. To be able to tackle the problems that all students at the Faculty are confronted with during their studies, we work in various teams and in the WiSo-Büro (WiSo office). Our aim is to handle any type of problem. Being students ourselves, we consider it very important not to see ourselves any differently than other students. We see ourselves as the students’ voice, representing their interests. To us, the Fachschaft is Cologne’s largest living room, a place where anyone is welcome any time – be it to grab a cup of coffee or to enjoy a nice chat.

We would love you to get involved and we look forward to meeting you in the orientation phase or later on. You can find us in the WiSo-Büro every day and at the Jour Fixe every Thursday as well as at www.wiso-buero.uni-koeln.de (in German)

19. Student Initiatives

The WiSo Faculty offers a very dynamic campus life and there are many initiatives organised independently by its students. The various initiatives all have different focuses and objectives but are always related either to study programmes or the Faculty. There are, for example, student groups such as the PIM & CEMS Student and Alumni Club. It maintains an international network of students and alumni, offers training courses and provides assistance for guest students. At university level, there is the General Student Committee AStA, too. Be it arranging internships, organising congresses or staging special events, students’ associations offer many possibilities for gaining practical experience and benefiting from networks – the perfect opportunity for you to get involved too!

A comprehensive list of student groups, student associations and other student bodies can be found under: www.wiso.uni-koeln.de/en ➔ Studies ➔ Organizing your studies ➔ Information for Entering students ➔ Student Life
The International Office at the University of Cologne also provides information about international student initiatives that refer to different countries: https://www.portal.uni-koeln.de/6920.html?&L=1 (in German)
20. Further Points of Contact

**ASTA**
General Student Committee of the University of Cologne
Student representation body
Universitätstr. 16 1st floor (1. OG) | 50937 Cologne
http://www.astाह uni-koeln.de/international-site/
kontakt@asta.uni-koeln.de | T +49221/470-2993

**WiSo Student Association**
(Fachschaft-WiSo)
Fellow students answer your study-related questions, there’s an archive of past papers on CD and soft skills courses
www.wiso-buero.uni-koeln.de (in German)
wiso-buero@uni-koeln.de | T +49221/470-2994
Universitätsstr. 16b | 50937 Cologne

**Studying with a disability or chronic disease**
Service der Universitätsverwaltung für Studierende mit Behinderungen und chronischen Erkrankungen
https://inklusjon.uni-koeln.de/ (in German)
Guidance for students with a disability or chronic disease
