Regulations concerning determination of aptitude for the  
Master in Health Economics programme  
at the Faculty of Management, Economics and Social Sciences  
and the Faculty of Medicine  
As at 20 January 2015

Pursuant to Section 2(4) of the Higher Education Institution Act of the Federal State of North Rhine-Westphalia (“Gesetz über die Hochschulen des Landes Nordrhein-Westfalen” or “Hochschulgesetz”, abbreviated to “HG”), as amended by the Higher Education Future Act (“Hochschulzukunftsgesetz”) of 16 September 2014 (North Rhine-Westphalian law gazette 2014, p. 547), the Faculty of Management, Economics and Social Sciences of the University of Cologne has enacted the following regulations:

Contents

Section 1	Admission to the Master in Health Economics programme.....	2
Section 2	Admission requirements .....	2
Section 3	Admissions Board (“Gemeinsamer Zulassungsausschuss”) .....	3
Section 4	Applications.....	4
Section 5	Selection process .....	4
Section 6	Selection decision, completion of process.....	5
Section 7	Re-assignment of rejected places (“Nachrückverfahren”) .....	5
Section 8	Enrolment .....	5
Section 9	Withdrawal and revocation.....	5
Section 10	Entry into force and publication .....	6

## **Section 1 Admission to the Master in Health Economics programme**

<sup>1</sup>Only applicants whose aptitude has been determined in accordance with these regulations can be admitted to the Master in Health Economics programme at the Faculty of Management, Economics and Social Sciences (“WiSo Faculty”) and the Faculty of Medicine.

<sup>2</sup>Admission to the first term of the programme is only granted for the fall term.

## **Section 2 Admission requirements**

(1) <sup>1</sup>To be accepted for these Masters’ programmes, applicants must have successfully completed a bachelor programme, on which they earned at least 180 ECTS, or an equivalent programme. <sup>2</sup>For the purposes of these regulations, a programme shall be deemed “successfully completed” if the overall mark obtained is at least 2,7. <sup>3</sup>The programme described in sentence 1 must also meet the following requirements:

- a) at least 60 ECTS from the field of Health Economics and/or the broader field of Business Administration, Management Studies and Economics,
- b) at least 15 ECTS from the field of Medicine and
- c) at least 18 ECTS from the field of Methods in Health Economics.

<sup>4</sup>The Admissions Board (“Gemeinsamer Zulassungsausschuss”) (cf. Section 3) shall decide whether a programme can be considered equivalent as described in Sentence 1.

(2) <sup>1</sup>Notwithstanding (1), sentence 1, applications may be made by students who have not yet completed their qualifying programme for study at Master’s level at the time of application if they can already show that they have attained at least 80% of the required ECTS or of the credit recognised as equivalent and if they will have taken all of their examinations by 30 September of the same year. <sup>2</sup>In this case, a result calculated and certified by the programme’s examination office based on the examination results as at the time of application shall be applied instead of the result of the programme as described in (1), sentence 1. <sup>3</sup>In such cases, the requirements set out in (1), sentences 2 and 3 must be met through the examination results achieved by the time of application.

3) <sup>1</sup>In accordance with Section 49 (10), Sentence 1 of the Higher Education Institution Act of the Federal State of North Rhine-Westphalia (“HG Act”), applicants must provide proof that they have an adequate knowledge of German if neither their studies towards their first professional qualification from a higher education institution nor towards their general qualification for university entrance were conducted in German. <sup>2</sup>This proof can be provided through the “Deutsche Sprachprüfung für den Hochschulzugang” (German language test for admission to higher education) (level DSH-2 or DSH-3), the German as a Foreign Language test (level 4 in all four parts of the test), the “Sprachdiplom”, level II offered by the Standing Conference of the Ministers of Education and Cultural Affairs of the Länder in the Federal Republic of Germany (“Kultusministerkonferenz”) or the Goethe C2 certificate. <sup>3</sup>International students who have attended a “Studienkolleg” course in Germany and passed the aptitude examination are deemed to have an adequate knowledge of German. <sup>4</sup>At the applicant’s request, the Chair of the Admissions Board can decide that proof of knowledge of German is not required. <sup>5</sup>To make a request of the nature described in Sentence 4, the applicant must submit their individual study plan, which must only contain modules offered and examined in English. <sup>6</sup>In the case of specific programmes of study decided on by the Faculty, which have their own specific study plans, the Chair of the WiSo Admissions Board can decide that individual requests as described in Sentence 4 are not necessary. <sup>7</sup>In the case of participants in programmes of study approved in line with Sentence 6, the approval described in Sentence 4 shall be deemed to have been granted upon their being admitted to the respective programme of study. <sup>8</sup>The Chair of the Examination Board of the Master in Health Economics programme must be consulted prior to the decisions described in Sentence 4 or 6 being taken.

(4) <sup>1</sup>Applicants must prove that their English is of an adequate standard. <sup>2</sup>A B2 certificate in line with the European Union Common European Framework of Reference for Languages is considered proof of adequate language proficiency. <sup>3</sup>Applicants who studied a bachelor or equivalent programme on which the language of tuition was English are not required to provide proof of language proficiency. <sup>4</sup>Decisions concerning exemptions shall be made by the WiSo Admissions Board.

(5) If the number of applications that meet the requirements of (1) to (4) and Section 4 is higher than the number of places available, the WiSo Admissions Board shall conduct a selection process as described in Section 5.

(6) Applicants shall be excluded from the aptitude determination procedure if

- a) they do not meet the requirements specified in (1) to (4),
- b) they have already been awarded a Master of Science in Health Economics (M.Sc.) at a higher education institution in the area to which Germany's Basic Law ("Grundgesetz") applies or
- c) they have failed at the final attempt an examination required by the examination regulations on the Master in Health Economics programme at a higher education institution in the area to which Germany's Basic Law applies; this shall also apply to related or comparable programmes.

### **Section 3 Admissions Board ("Gemeinsamer Zulassungsausschuss")**

(1) The Faculty of Management, Economics and Social Sciences and the Faculty of Medicine shall establish a Joint Admissions Board (hereinafter referred to as the "Admissions Board") to perform the tasks assigned by these regulations.

(2) The Admissions Board shall be considered an authority as defined in the German Administrative Procedure Act ("Verwaltungsverfahrensgesetz") and German administrative procedural law ("Verwaltungsprozessrecht").

(3) The Admissions Board shall ensure that the provisions of these regulations, including those set out in the annex, are complied with.

(4) <sup>1</sup>The Admissions Board shall consist of the chair and eight other members. <sup>2</sup>A substitute member shall be elected for each member. <sup>3</sup>The substitute members shall stand in for the members they represent if the latter are unable to attend meetings. <sup>4</sup>The Faculties shall elect the chair and his/her substitute plus four other members of the Admissions Board and their substitutes from among the core teaching staff ("Hochschullehrerinnen und Hochschullehrer") employed with tenured or salaried employee status by the University of Cologne. <sup>5</sup>One member and his/her substitute shall be elected from among the Faculties' associated teaching staff ("akademische Mitarbeiterinnen und Mitarbeiter"), one member and his/her substitute from among the technical and administrative staff and one member and his/her substitute from among the students of the Faculties.

(5) <sup>1</sup>The members in the university core teaching staff ("Hochschullehrerinnen und Hochschullehrer") group, the associated teaching staff ("akademische Mitarbeiterinnen und Mitarbeiter") group and the technical and administrative staff group shall be elected for two years, the members in the student group for one year. <sup>2</sup>Re-election is permitted. <sup>3</sup>Substitute members' appointments shall end when the appointment of the member they represent ends. <sup>4</sup>Should a member or a substitute member leave the board before the end of their appointment, a successor shall be elected for the remainder of their appointment.

(6) <sup>1</sup>The Admissions Board shall be deemed to have a quorum if at least four members (at least three of whom must be core teaching staff ("Hochschullehrerinnen und

Hochschullehrer”) are present in addition to the Chair or his/her deputy in the Chair’s absence. <sup>2</sup>Decisions shall be taken by simple majority voting among those present. <sup>3</sup>If the votes for and against are equal, the Chair’s vote shall decide. <sup>4</sup>The student members shall not vote on decisions relating to academic aspects. <sup>5</sup>The member from the technical and administrative staff group shall only be entitled to vote if their role at the University permits them to vote and they have particular experience in the area concerned. <sup>6</sup>The Chair shall decide whether the requirements of sentence 5 are met at the beginning of the member’s appointment.

(7) <sup>1</sup>The Admissions Board meetings shall not be held in public. <sup>2</sup>The members and their substitutes shall be bound by a confidentiality obligation. <sup>3</sup>Those of them who are not civil servants shall be sworn to secrecy by the Chair.

(8) <sup>1</sup>The Chair of the Admissions Board, or the Deputy Chair if the Chair is unavailable, shall represent the Admissions Board in legal and non-legal matters. <sup>2</sup>The Chair shall convene the Admissions Board meetings, chair them and implement any decisions taken at the meetings.

(9) The Chair of the Admissions Board shall announce by means of a legally binding notice or posting on the Admissions Board website any directives, important dates and deadlines and any other information from the Admissions Board that does not concern specific individuals only.

#### **Section 4 Applications**

(1) <sup>1</sup>Only applications received by the Admissions Board by 15 June of the year in question (deadline for application) will be considered. <sup>2</sup>An application may be filed for up to three programmes at the Faculty of Management, Economics and Social Sciences in any one application round. <sup>3</sup>Applicants who have already filed an application for the Master’s in International Management by the application deadline for that programme may not apply for more than two other programmes at the Faculty of Management, Economics and Social Sciences in the same year <sup>4</sup>Applicants who apply for several master programmes must indicate their order of preference in writing prior to the application deadline. <sup>5</sup>If a student fails to do this, the Admissions Board shall decide the order of preference.

(2) <sup>1</sup>Applications must be submitted using the online form for the Faculty of Management, Economics and Social Sciences. <sup>2</sup>Documentation of proof of compliance with the admission requirements must be submitted along with the application. <sup>3</sup>Incomplete applications can result in rejection. <sup>4</sup>Certified copies of proof of compliance with the admission requirements must be submitted to the Admissions Board by the enrolment date. <sup>5</sup>The Admissions Board can use the services of an administrative assistant, to the extent permitted by law, to assist in the preparations necessary before it can decide whether to admit a student. <sup>6</sup>The administrative assistant may charge applicants an appropriate sum for his or her work.

#### **Section 5 Selection process**

(1) <sup>1</sup>If the number of applicants who meet the admission requirements set out in Sections 2 and 4 is higher than the number of places available on the programme in question, a selection process is conducted to rank the applicants. <sup>2</sup>The decision as to whether an applicant is to be admitted to the Master’s programme shall be made by the Admissions Board on the basis of the criteria specified in (2).

(2) <sup>1</sup>The selection procedure shall be based on the result of the applicant’s bachelor degree or of a degree recognised as being equivalent to a bachelor. <sup>2</sup>Applicants will be ranked according to this result and places in the first term of the programme will be assigned based on how they rank. <sup>3</sup>If the outcome of the selection procedure is such that a student could be admitted for several of the preferences they indicated, they shall be admitted to the master programme to which they gave top preference.

(3) If the applicant has not completed the qualifying programme for study at master level at the time of application, Section 2(2) shall apply.

(4) Available places in later terms of the programme will be assigned based on applicants' qualification levels.

## **Section 6 Selection decision, completion of process**

(1) <sup>1</sup>Applicants awarded a place will be informed by letter of acceptance ("Zulassungsbescheid") at the end of the selection process. <sup>2</sup>Admission as described in sentence 1 shall apply provisionally until the details given in the online application and the documents submitted can be checked to ensure they are correct and genuine using the documentation of proof of compliance specified in Section 4(2), sentence 4. <sup>3</sup>Admitted applicants must notify the Admissions Board with binding effect, by a deadline to be specified by the latter, as to whether they wish to accept the place. <sup>4</sup>The notification must be given in writing; applicants can also enrol immediately, instead of giving notification, provided they have supplied the necessary documentation. <sup>5</sup>Applicants who fail to give the notification whether they accept the place as specified in sentence 3 or to enrol before the deadline for acceptance shall be deemed to have turned the offer down. <sup>6</sup>Applicants rejected as a result of the ranking procedure must be informed that there is a possibility they may be admitted later, as explained in Section 7.

(2) <sup>1</sup>Students selected on the basis of a programme of study not yet completed as described in Section 2(2) receive a conditional letter of acceptance, requiring them to complete said programme in due time. <sup>2</sup>They will not be permanently admitted as described in (1) until said programme has been completed. <sup>3</sup>To this end, applicants must submit the final transcript of records for the programme by no later than 31 December of the same year. <sup>4</sup>Registration shall lapse if the proof pursuant to sentence 3 is not provided or not provided on time.

(3) Applicants who are not admitted to the Master's programme shall receive a letter of rejection ("Ablehnungsbescheid") from the Admissions Board, including information on how to appeal, at the end of the process.

## **Section 7 Re-assignment of rejected places ("Nachrückverfahren")**

<sup>1</sup>If an applicant does not accept the place awarded to them, that place shall be re-assigned by means of what is known as the "Nachrückverfahren" (literally the "move-up procedure"), whereby applicants "move up" the waiting list. <sup>2</sup>Said applicant shall be selected from among the remaining applicants in accordance with the criteria set out in Section 5.

## **Section 8 Enrolment**

<sup>1</sup>Students can only enrol or cross-register for these Masters' programmes at the University of Cologne if the letter of acceptance described in Section 6 is submitted to the Registrar's Office ("Studierendensekretariat") of the University of Cologne along with the enrolment application before the specified deadline. <sup>2</sup>The Enrolment Regulations of the University of Cologne, as amended from time to time, shall also apply.

## **Section 9 Withdrawal and revocation**

<sup>1</sup>The Admissions Board can withdraw or revoke admission to the programme if it becomes evident after admission has been granted that the student gained admission to the programme wrongfully, for example if admission was granted on the basis of incorrect information provided by the student during the application process. <sup>2</sup>Responsibility for the withdrawal or revocation lies with the Admissions Board. <sup>3</sup>The student concerned shall be given the opportunity to make a statement before a decision is taken.

## **Section 10 Entry into force and publication**

<sup>1</sup> These Regulations shall enter into force on the day after they have been published in the Official Notices (“Amtliche Mitteilungen”) of the University of Cologne.

<sup>2</sup>The Regulations concerning determination of aptitude for the Master in Health Economics programme at the Faculty of Management, Economics and Social Sciences and the Faculty of Medicine dated 17 February 2011 (Issue 9/2011 of the Official Notices of the University of Cologne), last amended by the regulations dated 12 February 2014 (Issue 7/2014 of the Official Notices of the University of Cologne), shall cease to apply when the regulations set out here enter into force.

Executed in accordance with the resolutions passed by the Council of the Faculty of Management, Economics and Social Sciences on 17 November 2014 and the Council of the Faculty of Medicine on 19 November 2014 and following a review of the legality of the document by the Rectorate on 13 January 2015.

Cologne, 20.01.2015

The Dean  
of the Faculty of Management, Economics and Social Sciences  
of the University of Cologne

Universitätsprofessor Dr. Werner Mellis

The Dean  
of the Faculty of Medicine  
of the University of Cologne

Universitätsprofessor Dr. med. h.c. Thomas Krieg
