

CAREER TUESDAY

14.05.2019 ▪ 05:45 pm – 07:15 pm ▪ lecture hall XXIII, WiSo-Schlauch

Company presentation: Johnson & Johnson

„Working in one of the biggest Healthcare companies worldwide“

Johnson & Johnson is the world's most comprehensive and broadly based manufacturer of health care products, as well as a provider of related services. The values that guide our decision making are motivated by a culture of caring. Caring for the world ... one person at a time? Inspires and unites the people of Johnson & Johnson. The company is operating in the fields of pharmaceuticals, medical advices and consumer health care products with 126,000 employees in more than 250 companies around the world.

We are united by a passion for human beings: for customers, patients, society, for each other. As one of the largest health care companies in the world, we are looking for personalities who want to achieve great things with us - to improve the well-being and health of people worldwide and in Germany. We value character minds with team spirit who take responsibility and develop innovative products and services with us. We offer a modern, flexible working environment and countless career paths in our international network.

In the Consumer division, based in Neuss, you will work for strong brands such as o.b., Penaten, Listerine and Dolormin. As a marketer, you will develop creative marketing concepts and draw on the experience of specialists who turn brands into market leaders.

In the Pharmaceuticals business unit, at Janssen in Neuss, you will address some of the greatest medical challenges of our time. At Janssen, you will play a key role in identifying the needs of patients, developing innovative solutions and therapies and implementing them together with partners.

In the Medical division, based in Norderstedt, you will be working on pioneering medical technology products. In the field you will develop trend-setting solutions for the challenges of our customers and leverage current and future market potential.

During your studies

As a working student, you can apply the knowledge you have acquired at university directly parallel to your studies. Upon successful completion of the fourth semester or also as a Bachelor's degree, you are just as welcome with us for four to six months as an intern or as a GAP Yearler - in order to combine your academic knowledge with plenty of practical experience between Bachelor's and Master's degrees.

Would you like to know more about us? We look forward to welcoming you to our company presentation on 14.05.2019 at 05:45 pm at lecture hall XXII, WiSo - Schlauch. Afterwards we would like to take the chance to get to know you better in a personal conversation.
